ICAS ACHIEVEMENTS
Caitlyn Y [6FB] & Stafford L [3JG]

Caitlyn and Stafford were presented with ICAS medals at a special awards ceremony held at The Melbourne Convention and Exhibition Centre on Saturday 24 November. Caitlyn achieved the highest results in Victoria for Year 6 Writing and Stafford achieved the highest results in Victoria for Year 3 Spelling. A wonderful achievement by both students - congratulations!

SWIMMING ACHIEVEMENT
Emilia D [5KW]

Emilia competed in the Victorian Qualifying Meet at Melbourne Aquatic Centre on Sunday 25 November. She placed:

- 1st – Backstroke [girls 13 and under]
- 2nd – 200m Freestyle [girls 13 and under]
- 2nd – 100m Breaststroke [girls 13 and under]
- 2nd – 200m Individual Medley [girls 13 and under]

Emilia will now compete at the State Championships at Melbourne Aquatic Centre on Thu 20 and Fri 21 December. Congratulations on such wonderful achievements for all your hard work and we wish you all the best for the State Championships!

SHORT FILM ACHIEVEMENT
Elizabeth W / Amy L / Sarannie T / Eunice M

Congratulations to these students for winning an award in the Eastern Metropolitan Region Languages Film competition 2012. Their film ‘Courage is …’ won 3rd place in the Primary School Category.

The theme for the competition was ‘Courage’ and there were a number of specific criteria that were required to be met. These students all worked very hard during the LOTE extension program where they produced a short film in Mandarin. Their film portrayed what a group of girls think courage is, through their conversations and in play.
We are coming to the end of another year. I would like to thank all the staff, parents and students for their assistance and support during this year at Milgate Primary School and we look forward to working with you all in 2013 as we continue with enhanced initiatives in curriculum, learning programs and ICT. We are looking forward to continuing with the International Baccalaureate Primary Years Program across the school. The IB PYP has been very successful this year and the learning has been engaging and challenging for students leading to fantastic learning outcomes. In 2013 the Year 3 and 5 students will all have iPads to be used as a tool in their learning and this will enhance the learning program. There will be a bank of other iPads in the school that other classes will have access to in addition to other learning technologies. Milgate Primary School is a great school of academic excellence providing many opportunities for student learning and extracurricular activities. Thank you to the staff who have worked exceptionally hard as a team to provide the best teaching and learning program for the students in a caring environment which caters for all students’ individual needs. Thank you also to the parents with whom we work in partnership for the education of your children. Many parents have assisted the school in numerous ways such as classroom helpers, working bees, class representatives, Parents and Friends, school council, excursions, camps, events, etc. and we appreciate your time and valuable help which has enhanced the school and the students’ learning. Congratulations to all students for an outstanding year of many achievements both within the classroom, school, sport and wider community, of which they can all be proud. As the Year 6 students leave Milgate we thank them all for their contributions and leadership in the school and wish them all the best in their future education and careers. We hope they come back to visit us.

PARENT HELPER’S MORNING TEA – WEDNESDAY 12 DECEMBER 10:40AM
On Wednesday we will have a morning tea to thank parents and other members of the school community for their contributions and assistance to the school throughout the year. RE teachers, Kids Hope Mentors and school crossing ladies have also been invited. We appreciate how each of these people contribute to our students and the school community.
CAROLS NIGHT – THURSDAY 13 DECEMBER AT 7PM
On Thursday night at 7pm it will be the Milgate Carols Night. All year levels and the staff will be performing a song on the night. Come along and join with the community to enjoy a night of singing and performances. There will also be a sausage sizzle and drinks for sale on the night from 5:30pm - 6:30pm.

YEAR 6 GRADUATION
The Year 6 students have been practising and preparing for their graduation on Tuesday 18 December. This will be a great celebration of their years at Primary school.

ASSEMBLIES AND LAST DAY OF TERM
On the last day of the term, Friday 21st December, at 12:15pm there will be an assembly to farewell the Year 6 students. All students will be dismissed at 1:00pm after the assembly. Parents are welcome to come and join in this last assembly for the year.

FEES AND VOLUNTARY CONTRIBUTIONS
A reminder to parents that all fees are to be paid and student books / supplies collected before the end of the year so students will have their materials for the start of 2013. They need to bring their complete student supply pack and all contents to school on the first day of school next year. If parents are financially having difficulty paying the full amount, a payment plan can be devised if you contact the school office.

FAMILIES LEAVING THE SCHOOL
There are a number of families who have their last child in Year 6 this year and this will be their last year at Milgate Primary School. Other families are leaving the school as they have relocated to a new area. Some of these families have had a long association with the school over a number of years and have contributed to the school in numerous ways and we thank them for that. To all students and families leaving the school, all the best for your future studies and ventures. Please feel free to come back and visit us.

RETURN TO SCHOOL IN 2013
School resumes for Year 1 – 6 students on Wednesday 30th January and Preps on Thursday 31st January 2013.

STUDENT REPORTS
There has been information in the media recently about teachers in some schools not writing full student reports for December in line with the Australian Education Union current bans. All teachers at Milgate PS have made a decision to write full student reports so all students at Milgate will receive a complete December report. The teachers have been very busy writing the reports over the last few weeks and these will be sent home to parents on Monday 17th December along with student portfolios. Thank you to the staff for the preparation time, commitment and care they have given to reports and the continued learning program for your children.

The internet has become an integral part of life. It is a powerful resource, enabling people of all ages to learn and communicate in a myriad of new ways. For children, growing up in a world where the internet has always been available, it is an essential tool. They are the ‘digital natives’ -

» always surrounded by online technology, and
» using the internet from an increasingly early age

Children can use the internet for many reasons. These could include to:

» find assistance with school assignments
» learn skills
» gain knowledge
» meet new people who share similar interests and
» keep in touch with friends
Knowing how to use the internet safely is essential to having a positive online experience. For parents and their children, it is important to know how to apply these skills at home, at school and in public places such as the library and internet cafés.

Parents can:

»» visit the Cybersmart website for internet safety information at www.cybersmart.gov.au
»» telephone the Cybersafety Contact Centre on 1800 880 176 for more information or advice
»» report to the ACMA any material suspected of being prohibited
»» in libraries, ask library staff for information on safe searching techniques, child-friendly websites or how to deal with inappropriate material
»» learn more about the internet by attending an internet training session. Ask if these are offered by your local public library.

The cybersmart website listed above has a huge amount of useful information for parents and children about accessing the internet safely, cyber bullying, social media and keeping safe.

**STAFFING**

The following staff will be leaving Milgate Primary school at the end of this year: John Vincent, Lily Ch'Ng, Vivien Chee, Ebony Jardine, Yvonne Pecher and Susan Prentice. Our speech pathologist, Fiona Biss, and our psychologist, Sandra Groves, will also both be leaving Milgate PS as the schools for psychologists in the Manningham Network have been reallocated. In 2013 we will have a new speech pathologist and psychologist working at the school. We thank each of these staff for their contributions to Milgate Primary School over the years and wish them all the best in the future.

AUSVELS AND AUSTRALIAN CURRICULUM
As part of my explanation of the new AusVELS and Australian Curriculum that will be introduced in 2013 I will describe how the Mathematics curriculum will change next year.

2012 MATHEMATICS CURRICULUM (VELS)
The focus of the current VELS Mathematics curriculum is on the following five dimensions:
- Number
- Space
- Measurement, chance and data
- Structure
- Working mathematically

The learning in these dimensions is interrelated. For example, Number is related to the other dimensions through the aspects of counting, magnitude and order. It has logical and natural connections with Measurement, chance and data, and Space.

2013 MATHEMATICS CURRICULUM (AUSVELS)
The focus of AusVELS is now on the slightly different Content Strands of:
- Number and Algebra
- Measurement and Geometry
- Statistics and Probability

The Content Strands describe what is to be taught and learnt.

The major difference with the current VELS to the new AusVELS is the focus on the Proficiency Strands of:
- Understanding
- Fluency
- Problem Solving
- Reasoning

The Proficiency Strands describe how content is explored or developed, that is, the thinking and doing of mathematics. They provide the language to build in the developmental aspects of the learning of mathematics and have been incorporated into the content descriptions of the three content strands described above. This approach has been adopted to ensure students' proficiency in mathematical skills develops throughout the curriculum and becomes increasingly sophisticated over the levels of schooling.

AIMS
The Australian Curriculum: Mathematics aims to ensure that students:
- are confident, creative users and communicators of mathematics, able to investigate, represent and interpret situations in their personal and work lives and as active citizens
- develop an increasingly sophisticated understanding of mathematical concepts and fluency with processes, and are able to pose and solve problems and reason in Number and Algebra, Measurement and Geometry, and Statistics and Probability
- recognise connections between the areas of mathematics and other disciplines and appreciate mathematics as an accessible and enjoyable discipline to study

As you can see there are slight changes to the Mathematics curriculum in AusVELS. Our Mathematics Whole School Team, led by Ms Bashford, are currently designing the teaching and learning program for 2013 using the AusVELS curriculum at the present time.

If you would like to learn more about AusVELS and the Australian Curriculum please visit the AusVELS website at ausvels.vcaa.vic.edu.au/.

PREP ENROLMENTS for 2013

We are still accepting Prep enrolments for 2013. Interested parents are able to book a personal school tour with either Debbie Mierisch (Principal) or Mark Roberts (Assistant Principal).

If you have a child, or know anyone with a child, who will be starting Prep in 2013, please let them know they can enrol their child now. Enrolment packs are available at the Office or you can download the enrolment form from our school’s website.

DATES FOR STUDENT BOOK PACK COLLECTION

Book Packs can be collected from the Community Room on the following days and times:

- **Friday 7 December**: 8:30am - 10am, 2pm - 4pm
- **Monday 10 December**: 8:30am - 10am, 2pm - 4pm
- **Tuesday 11 December**: 8:30am - 10am, 2pm - 4pm, 4pm - 6:30pm
- **Friday 14 December**: 8:30am - 10am, 2pm - 4pm

Lize M [6YP] painted an amazing piece of artwork for the Milfete 30th Birthday which many students and staff have signed. This has now been displayed in the hallway near the Office. Come and have a look. This is a wonderful memory of our 30th Birthday. Thank you Lize for all your hard work, dedication and amazing creativity!
SPORTS TEAM RESULTS:

- **Manningham Division Boys Rounders Final** played Fri 9th Nov against Donburn PS. Milgate defeated Donburn PS 30 to 4.

- **Junior All Star Boys & Girls State Hooptime** had 2 teams competing at State Hooptime on Monday 26th November at Dandenong Basketball Stadium. The teams performed extremely well and the All Stars Boys Team placed 3rd and the All Star Girls Team placed 5th.

- **Senior All Star Girls State Hooptime** competed at State Hooptime on Tuesday 27th November at Dandenong Basketball Stadium. The girls played extremely well and were undefeated until the semi finals, but unfortunately lost and placed 5th overall at State Hooptime. Well done girls on a terrific basketball season.

NATIONAL ATHLETICS CHAMPIONSHIPS: Congratulations to Abbey C. who recently competed in the 11yr Girls 800m at the Primary Schools National Athletics Championships in Adelaide from Friday 23rd – Monday 26th November. Abbey placed 3rd overall going into the 800m final, having run a PB of 2.24. She then competed in the final on Monday and ran an amazing race and another PB of 2.23, placing her 4th in Australia in the 11yr Girls 800m. Awesome effort Abbey and you should be extremely proud of everything you have achieved during 2012.

BASIC ENGINEERING
Milgate Primary School

This unit is entitled Basic Engineering - Unit 1 using Lego Dacta. Through activities and exploring, children will develop their language, and explore mathematical and scientific ideas. Children will make working models each week. It helps all children develop skills and stimulates and encourages them to think on a higher level. This is a unit for all children, girls and boys and there are separate kits for the Juniors and Seniors. Seniors will be working with the idea of levers, structures and forces while the Juniors will be working with levers, wheels and axles - and it is absolute fun!

Application Forms are available on the Milgate website.
